

HEALING HEARTS TRANSFORMING NATIONS

Immersion Workshop

IS RECONCILIATION POSSIBLE?

Find healing and reconciliation
for yourself, your family, church, and community.

Healing Hearts, Transforming Nations (HHTN) is an immersive workshop that walks participants through a process of communal and individual healing and reconciliation centered on the cross of Christ. In this interactive workshop participants will learn about God's original intention for the nations, how sin has destroyed those relationships, and how God desires to heal our wounds at the cross. We will also experience how finding healing of our wounds empowers us to forgive and repent and move toward reconciliation and restoration of our relationships.

The Peace and Reconciliation Network of the World Evangelical Alliance endorses this ministry.
